

## Product specification

**Product:** HOUS OF JUICE VAND AQUA  
**Product-no.:** 719300 VERSION: 1.4  
**EAN Code:** 5711054000117 date of version: 22.01.2018  
**Instrastat:** 2201.10.11 00

**Description:** Table water non carbonated

**Ingredients:** Water, nature brine the Bad Windsheimer source of mineral

Average content per 1000 ml	
	amount
hydrocarbonate (HCO <sup>3</sup> )	84,80 mg
chloride (Cl)	38,80 mg
sulphate (SO <sup>4</sup> <sup>2</sup> )	7,91 mg
potassium (K <sup>+</sup> )	1,23 mg
sodium (Na <sup>+</sup> )	17,50 mg
calcium (Ca <sup>2</sup> <sup>+</sup> )	18,80 mg
magnesium (Mg <sup>2</sup> <sup>+</sup> )	8,40 mg

**Packaging content:** 12x0,5 Ltr. Tetra-Prisma with screw-cap

**Pallet unit:** 1 EURO-pallet = 96 paperboards, each with 12 Tetra-Prisma

**Weight:**  
 1 Tetra Prisma = 0,550 kg  
 1 pallet unit = 650 kg  
 incl. Europallet = 675 kg

**Microbiology:** Spoiling microorganisms in beverages  
*(yeasts, moulds acetic and lactic acid bacteria):* none in 15 ml

**Shelf life:** Recommended shelf life and storage conditions:  
 Shelf-life at max. + 20° C: 14 months

With the above mentioned shelf-life periods we took microbiological and sensorical aspects into account.

**Storage:** ambient  
 sunlight has to be avoided

**Allergens:** concerning allergens and the current version of EU classification 1169/2011 this product has no labelling requirements

**GMO:** The specified product contains no genetically modified organisms (GMO) and also none ingredients, which are made out of GMO.
